FINANSTILSYNET

User registration for e-Reg (MitID for businesses-login)

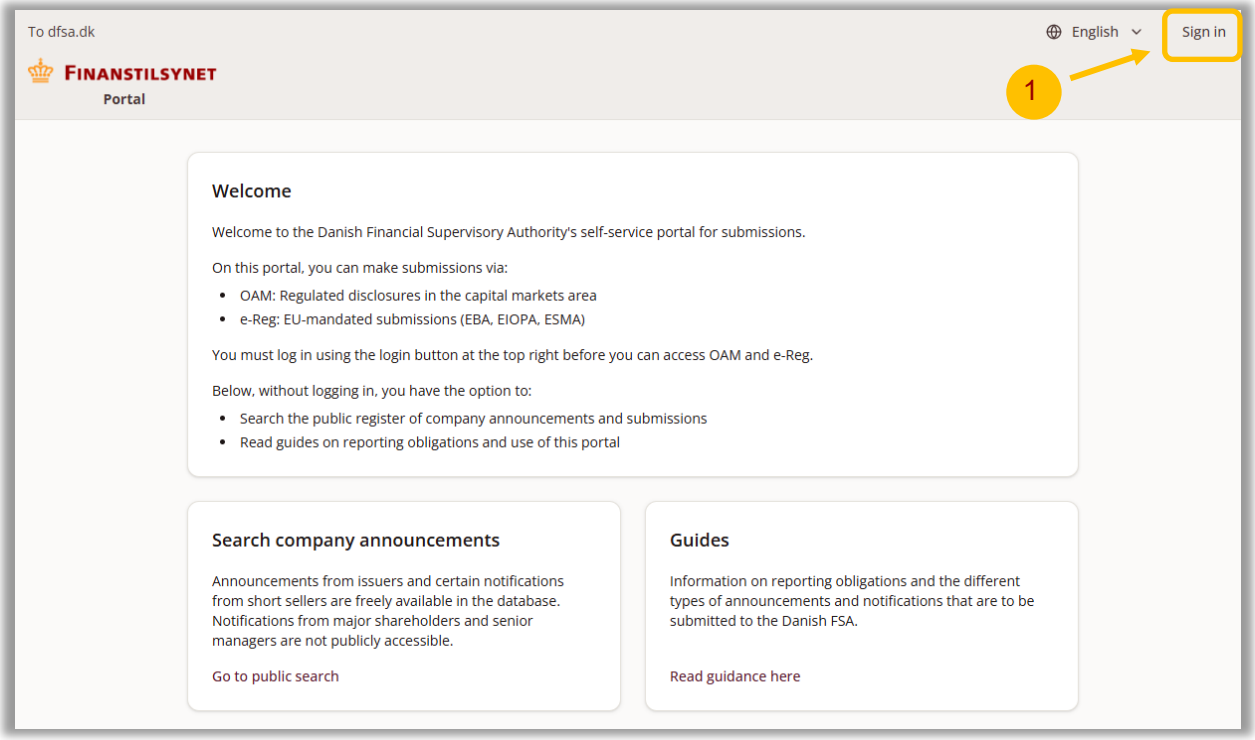
This guide explains how reporters can obtain a user account for the Danish Financial Supervisory Authority's portal for ESA-related reporting, e-Regulatory ("e-Reg"), using MitID for businesses, aka. MitID Erhverv (not private MitID), as the login method.

Creation of user account

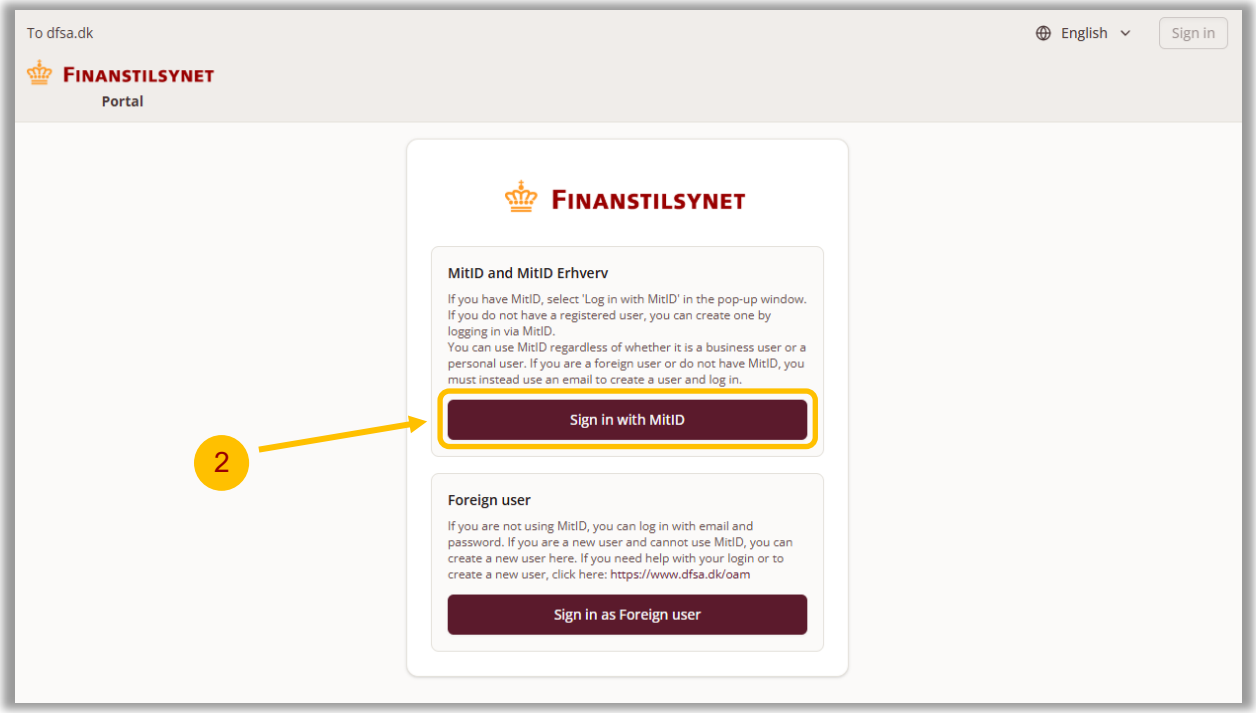
(1) Navigate to the Danish Financial Supervisory Authority's self-service portal using the link below:

https://portal.finanstilsynet.dk/

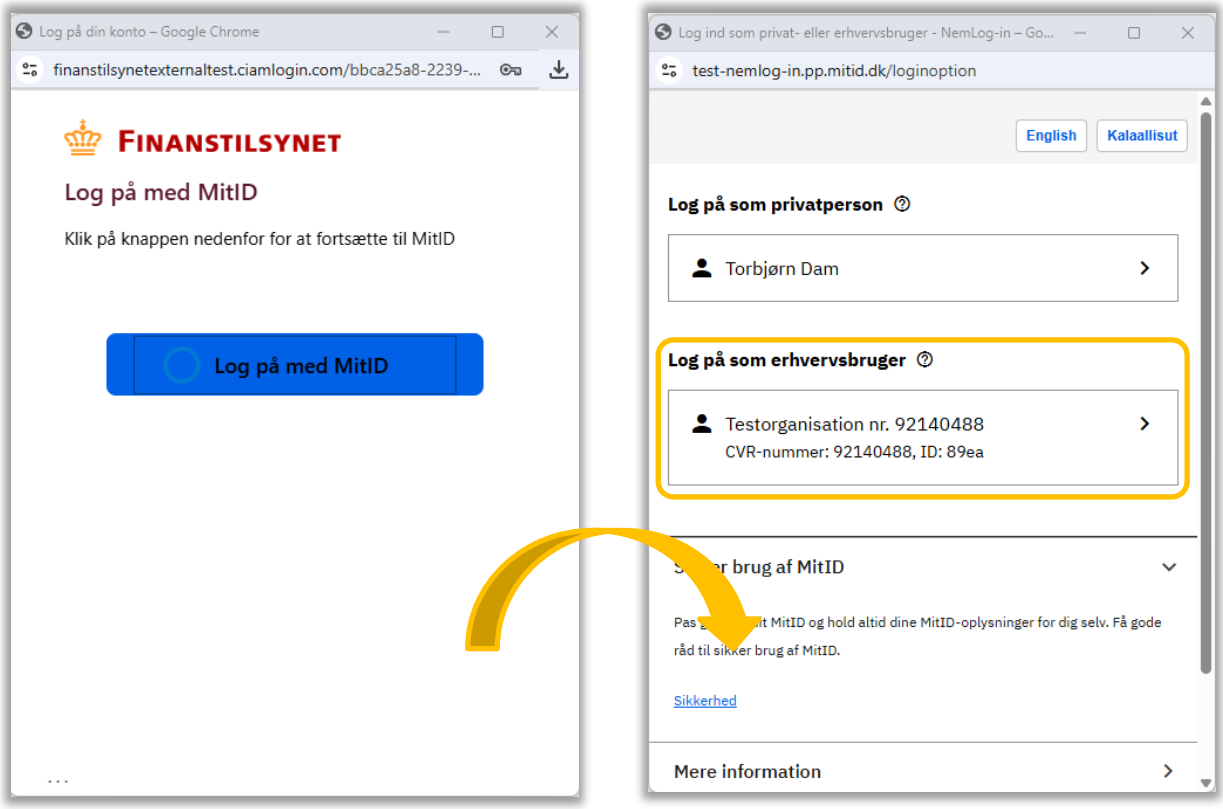
You will be presented with the page below, where you should click "Sign in" in the top right corner.



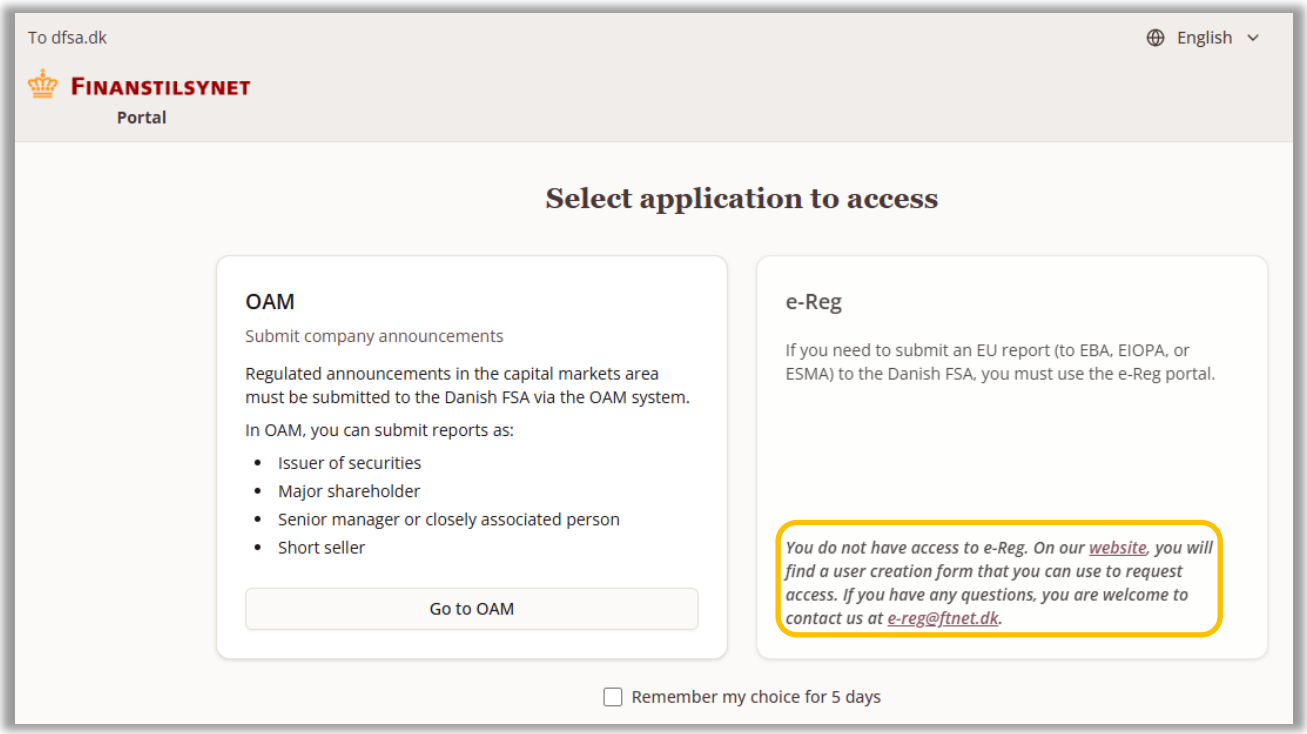
(2) After clicking “Sign in”, you will be presented with the page below, where you should click “Sign in as foreign user”.



(3) You will be taken through the standard MitID flow. At the end, remember to select logging in as business user (“Log på som erhvervsbruger”). Logging in with a private MitID user is not permitted in e-Reg and will result in an error.



(4) After successful login, you should end up on the page shown below.



When can you log in to e-Reg?

You have now created a user account for e-Reg. However, your user account does not yet have any permissions linked in e-Reg to submit reports on behalf of companies.

As long as you do not have any reporting permissions in e-Reg linked to your user account, you will still not be able navigate into e-Reg via the self-service portal, as you do not yet have a purpose in e-Reg.

For now, you will be met with the message shown at the bottom of the above image.

You must therefore now request that reporting permissions in e-Reg be linked to your user account.

This guide on the Danish Financial Supervisory Authority's website explains how to make a request to have reporting permissions in e-Reg to be linked to your user account:
https://www.dfsa.dk/Media/639282733318981330/2026-10-16-engelsk-vejledning-til-e-reg-rettighedsanmodningssiden-i-selvbetjeningsportalen-for-eksterne-22b.pdf

You can find further guidance on user creation and assignment of reporting permissions in e-Reg on the Danish Financial Supervisory Authority's website here:
https://www.dfsa.dk/reporting/new-reporting-system-for-eu-reports/user-registration-and-assignment-of-rights-for-e-reg

Only once you have received confirmation that the permissions have been assigned to your user account will you be able to fully log in to e-Reg with your MitID for businesses (MitID Erhverv) login via the self-service portal (as described in steps (1), (2), and (3) above).
